Kaviraj N. N. Sen, M.C.S. (Paris), S.C.I. (London), M. S. A. S. (London), M.C.S. (New York).

Kaviraj Nagendra Nath Sen, Government Medical Diploma Holder, Member of various Chemical and Surgical Societies of Paris, the United Kingdom, and America, and Author of several Medical Books, has, by the judicious combination of the Eastern and Western Systems of Treatment, been able to acquire wonderful results in all sorts of ailments—(constitutional, physical, or mental)—however violent and unyielding. His system of treatment, extending over more than 31 years, has acquired well-deserved distinction.

The Hindu System of Treatment, like any other Hindu Philosophy, is transmitted from father to son, or from the saint to his disciples. Kaviraj N. N. Sen and his son, Kaviraj S. P. Sen, coming as they do from an old family of the Physician Caste, possess many family secrets and command advantages which are in themselves unique.

JAMSHEDPUR (Via Tatanagar)—Bihar and Orissa

Jamshedpur is situated about 2½ miles to the North-West of Tatanagar Railway Station, on the Bengal Nagpur Railway, about 155 *miles from Howrah. It is in the Singhbhum District of Chota Nagpur, in the Province of Bihar and Orissa*

From Tatanagar Station there is a good road to Jamshedpur Town. Taxis and tongas are available at the Railway Station in good numbers

A good motor road connects Jamshedpur with Chaibassa, the headquarters of the District, which is 42 *miles away. Another road, in course of construction, will soon connect the Town with Purulia, the headquarters of Manbhum District and thence to Ranchi*

The Town is divided into three parts:—In the first part, called the Northern Town, all the covenanted European employees and the better-paid Indians, reside. The second part, called the Southern Town is occupied by Indians and Anglo-Indians, employed in the offices and Works

In the third part, called the L. Town, chiefly better-paid mechanics and artisans live with a small sprinkling of office clerks

All buildings are built on the "bungalow" type, each set in its own compound with wide streets between them. This is why it is called the "Garden City"

A new Town is springing up near the New Steel Works close to the Railway Station on the site which originally belonged to the Burma Corporation. This is mostly occupied by men working in that part of the Works

The Town has its own water purification and sewage disposal plants. The sanitation of the Town is always maintained at a high level of efficiency

The Subsidiary Companies have their own settlements, but in all essential features they conform to the general design of the Steel Company's city

There are places of amusement in all parts of the Town, besides theatres, picture shows, etc., held periodically

GREAT PHYSICAL POWER AND RADIANT HEALTH

AN IMPORTANT FACTOR FOR SUCCESS IN LIFE

Physical Culture Graduates.

Dr. A. Rollo

My system consists of **progressive exercises, that adjust themselves to the requirements of a delicate, weak, ailing constitution just the same as that of a strong man,** in a natural way as a child develops his **intellectual and physical faculties,** to a fully developed, virile, healthy, energetic, bright manhood, at the expense of a few minutes' daily simple exercises, **without apparatus.** I have perfected my system to such an extent that every reader on trying **is certain** of an award of the famous American Diploma conferring the degree **Bachelor of Physical Culture and a beautiful solid gold medal.** For particulars send three annas stamps with your **legible name and address.**

DISC BARBELLS, and other reliable physical culture material and literature are also stocked.
